SMART SOLUTIONS FOR BIG CHALLENGES.

YOUR IDEAL WORKMATE

Make your everyday tasks easier with a helpful co-worker. Like the new Fiat Professional Doblò. From now on, great things can be done together with a great partner.

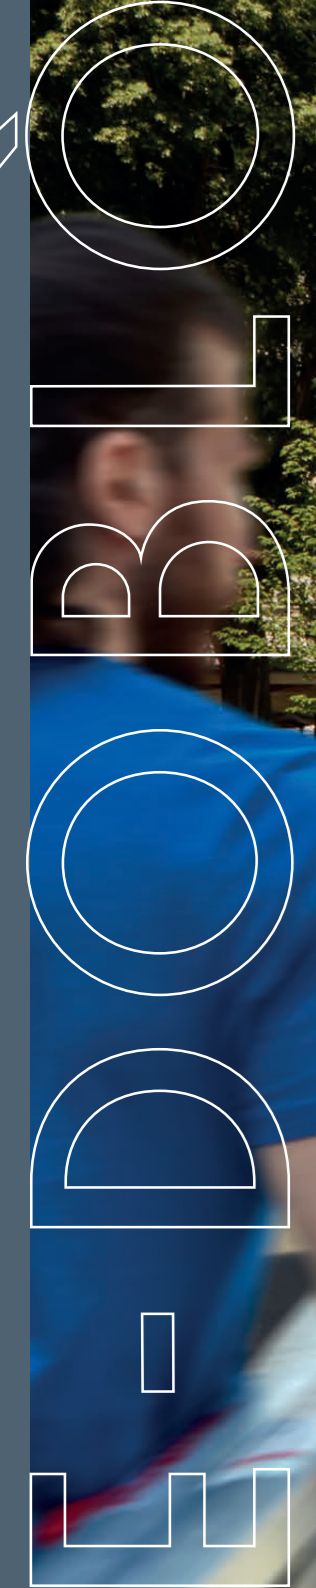

ELECTRIC WITHOUT COMPROMISE.

ZERO CO₂ EMISSIONS (WHILST DRIVING)

The new E-Doblò, in addition to its diesel and petrol versions, completes the Fiat Professional range: its 100 kW powerful electric motor and 50 kw/h battery provide efficient, smooth and responsive driving for up to 177 miles* with a maximum speed of 80mph. Up to 80% battery recharge in 30 minutes with FAST CHARGE. Designed for the best performance that the vehicle can provide for your day-to-day work.

*Fuel economy and CO₂ results for the Fiat Professional E-Doblò Mpg (l/100km): Not applicable. CO₂ emissions: 0 g/km Electric range: WLTP City cycle up to 177 miles for E-Doblò. These figures were obtained after the battery had been fully charged. The E-Doblò is a battery electric vehicle requiring mains electricity for charging. Figures shown are for comparability purposes; only compare fuel consumption, CO₂ and electric range figures with other vehicles tested to the same technical procedures. These figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, accessories fitted (post-registration), variations in weather, driving styles and vehicle load.

A NEW CONCEPT IN MOBILITY

DRIVING MODES

Optimise vehicle performance according to your needs. In the new E-Doblò you have 3 ways to manage vehicle performance and consumption: normal, eco and power.

MAGIC PLUG

The Magic Plug is an option that equips the vehicle with considerable advantage. It consists of an electrical socket inside the vehicle that allows you to adapt to specific jobs, such as connecting a refrigerator, a mobile workshop or any other 230v or 12v electrical tool.

FAST CHARGING (DC) 100KW
PUBLIC CHARGE/WALLBOX (AC) 7.4 - 11 KW

The New Fiat Professional Doblò has a charging system that includes standard solutions such as the cable supplied or, on request, the Wallbox for fast charging.

ELECTRICAL ZERO COMPROMISE

The 50 kWh Battery and 100kW power can offer a range up to 177 miles* in WLTP range and a top speed of 80mph. Its powerful Quick Charge system with 100 kW will charge 80% of your battery in just 30 minutes.
